What You Can Expect From Carrier

Innovation, efficiency, quality: Carrier® Comfort™ Series air conditioners represent years of research and design with one goal in mind – making your family comfortable. With standard models and units designed specifically for the rigors of coastal area installations, Comfort Series air conditioners represent the Carrier quality, environmental stewardship and lasting durability that have endured for more than a century. And, to ensure maximum year-round performance, your dealer can include a new Carrier gas furnace or fan coil and thermostat, all backed by the indoor comfort experts.

Efficiency

SEER (Seasonal Energy Efficiency Ratio) ratings are like your car's MPG – the higher the number, the greater the potential for savings. Comfort Series air conditioners offer a range of efficiencies that start at your region's minimum SEER and reach as high as 17.0 SEER.

Durability

A galvanized steel cabinet, heavy-duty wire coil guard and baked-on powder paint provide exceptional protection against dings, dents and other outdoor threats. For home comfort in a coastal environment, ask about Comfort Series models with WeatherShield™ protection for extra-tough, longer lasting corrosion resistance to withstand the harsh sea coast air.

Environment

Carrier was the first to offer systems with Puron® refrigerant, which does not contribute to ozone depletion. By replacing an older, less efficient air conditioner with a Comfort Series air conditioner, you are reducing energy use and your environmental impact.

Sound

Carrier Comfort Series air conditioners cool your home quietly. All models include components that help keep sound levels low, including an aerodynamic top and motor mounts.

Limited Warranty

To the original owner, Carrier Comfort Series air conditioners are covered by a 10-year parts limited warranty upon timely registration. The limited warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate at carrier.com for complete details and restrictions.

Regional Efficiency Standards

There are different efficiency minimums for air conditioners in each of three regions – North, Southeast and Southwest. Your Carrier dealer will have a Comfort Series air conditioner to meet your region's minimum requirement.

■ North ■ Southeast ■ Southwest

*12.2 EER < 45,000 Btu/h, 11.7 EER ≥ 45,000 Btu/h

A Range of Comfort

Carrier delivers cooling systems in a range of shapes and sizes. Check out this side-by-side comparison to see how our efficient Comfort™ Series air conditioners measure up against our Infinity® and Performance™ models.

| | Infinity® Series | Performance™ Series | Comfort™ Series |
|------------------------------|--|---|----------------------------------|
| Performance | Variable-speed rotary, variable-speed, two-stage and single-stage scroll compressors available | Two-stage and single-stage scroll compressors available | Single-stage scroll compressor |
| Efficiency | Up to 20.5 SEER rating | Up to 17.0 SEER rating | Up to 17.0 SEER rating |
| Durability | WeatherArmor™ Ultra cabinet protection | WeatherArmor™ Ultra cabinet protection | WeatherArmor™ cabinet protection |
| Sound | Silencer System II™, dBA as low as 56 | dBA as low as 72 | dBA as low as 71 |
| Recommended Control** | Infinity® System Control | Carrier® Wi-Fi® Thermostat | Carrier® Wi-Fi® Thermostat |
| Limited Warranty | 10-year parts* | 10-year parts* | 10-year parts* |

* Upon timely registration. The warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration.

** Control sold separately, other options available.

The Carrier Difference

If you could look under the hood of a Carrier Comfort™ Series air conditioner, you'd see what drives the performance: a serious commitment to quality. Our microtube coil technology saves space and provides lasting comfort with its corrosion-resistant construction. And, our smooth-running compressor represents the solid, reliable performance you expect.

Comfort Series air conditioners are built to look their best while enduring exposure to hail, errant soccer balls, lawn equipment and more. The cabinet plays an important role in sound as well, using an aerodynamic top to facilitate airflow and keep operating sound to a minimum.

The Total Indoor Comfort System

Your Carrier dealer will recommend a system to meet your home-comfort needs and local weather environment:

1. **Air Conditioner** provides reliable, efficient cooling for long-lasting comfort and potential energy savings.
2. **Gas Furnace** provides reliable, high-efficiency heating for long-lasting comfort and potential energy savings.
3. **Carrier® Wi-Fi® Thermostat** offers precise, programmable comfort from your web-connected device.
4. **Zoning** sets different temperatures for up to three different areas of your home for truly customized comfort and possible utility savings.
5. **Air Cleaner** improves air quality by removing harmful and irritating airborne pollutants from your home.
6. **Humidifier** replenishes moisture to dry air.
7. **UV Lamp** inhibits the growth of contaminants on the evaporator coil, leaving your home with fresher indoor air.
8. **Ventilator** combines fresh outdoor air with conditioned indoor air for improved air quality – great for today's tightly constructed home.
9. **Evaporator Coil** is matched with the proper outdoor unit to provide even more cooling efficiency and years of reliable service.

More Than a Century of Cool

In 1902, a determined engineer answered one of mankind's most nagging questions: How do we make hot, sticky, indoor air go away? In creating the world's first modern air conditioning system, Willis Carrier forever changed indoor life, and, more than a century later, the corporation that bears his name takes inspiration from his example.

Carrier strives to improve on our founder's breakthroughs, introducing new technologies that make life at home even cooler. Today, a nationwide network of experts continues to advance Willis Carrier's lifework. Your expert Carrier dealer is equipped to evaluate your home and create a customized system designed around your lifestyle.

As an ENERGY STAR® partner, Carrier Corporation has determined that qualifying models meet ENERGY STAR guidelines for energy efficiency. LEARN MORE AT energystar.gov Ask your dealer for details or visit www.energystar.gov.
